

Hello and thanks for covering my classes today. There are colored rolls of tickets under my desk. Please give one ticket to each student who is on-time today. They will take the side that says keep this coupon. The side that says ticket will go in the proper mailbox on my desk. Ask any student. He or she can help you with this.

Homework from last night: Exercise 6 on page 51 of the textbook. Here is the correction key.

1. C'est le premier janvier.
2. C'est le quinze janvier.
3. C'est le quatorze février.
4. C'est le dix-sept mars.
5. C'est le quatre juillet.
6. C'est le quatorze juillet.
7. C'est le douze octobre.

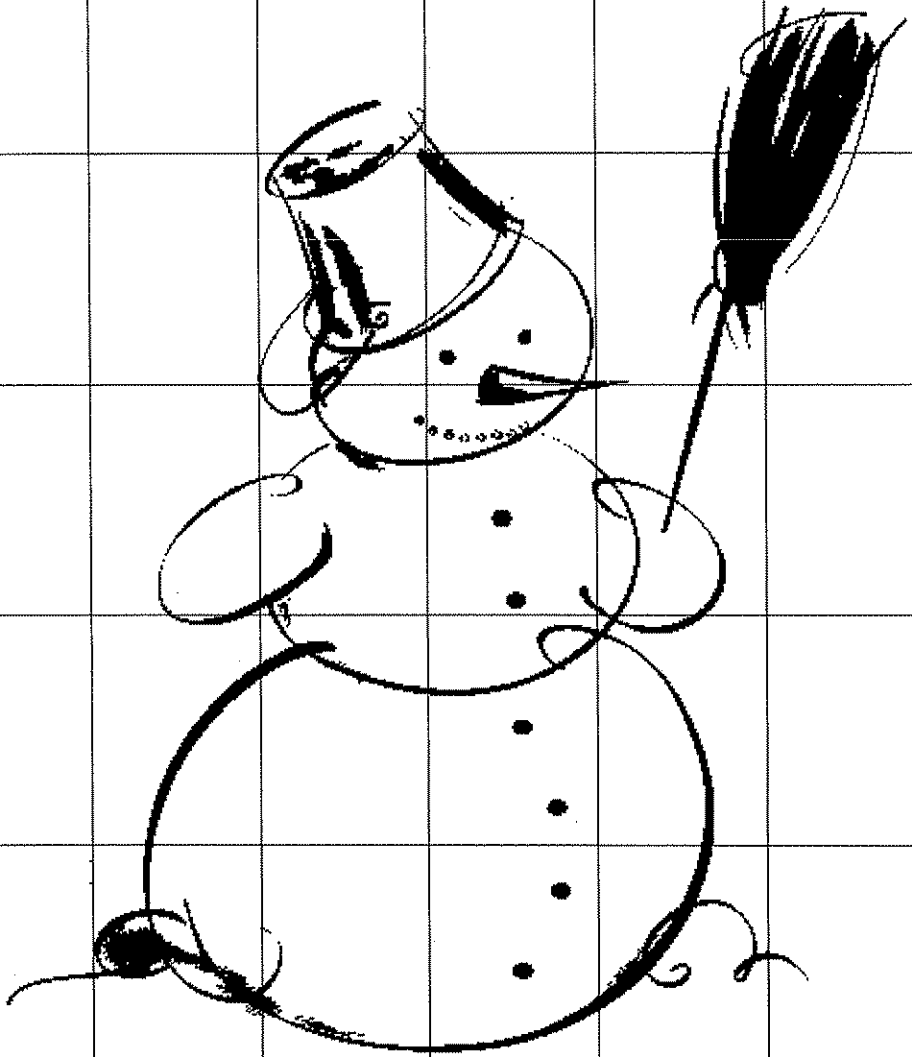

Please go over the answers with the students, and have them place their papers in the proper mailbox on my desk.

Divide the students into pair groups. And have them do exercises 1-6 on pages 52 and 53 of their textbook. They should do as much as they can in class and turn their papers into the mailbox before leaving. If they finish everything, they may begin the homework on the next page of this document.
